

Auxiliary Uninspected Passenger Vessel (UPV) Examiner

Performance Qualification System (PQS) Workbook

Auxiliary Uninspected Passenger Vessel Examiner

INTENT

Upon successful completion of this personal qualification, a person will hold the minimum competencies to examine Uninspected Passenger Vessels (UPV) and their associated equipment for compliance with the applicable safety regulations in 46 CFR Subchapter C.

Marine Safety and Environmental Protection Training Guide Auxiliary Uninspected Passenger Vessel Examiner

This booklet is your personal ‘on the job training’ guide to qualification as an Auxiliary Uninspected Passenger Vessel Examiner. It is your responsibility to document completed unit training items. For OJT, a person already holding this qualification code (called a verifying officer/mentor) is to review your qualifications and/or observe you perform each task and sign in the appropriate space provided in this booklet. It may be necessary to perform a task several times. The verifying officer will not give credit for any task that is not performed satisfactorily.

Multiple verifying officers may make entries in your manual. Every verifying officer/mentor must enter his or her name, rate/rank or Auxiliary qualification, signature, and initials in the Record of Verifying Officers section. When you have completed all of the items required by your command for this qualification, your command will issue a letter of designation.

Auxiliary Uninspected Passenger Vessel Examiner

Auxiliary UPV Examiner (AUX-UPV) Training Requirements: (Optional items are at the discretion of individual commands)

	Date Completed	Verifying Officer
